Typical Board Month

Board Workshop: Workshops can last 4 to 6 hours long. Our board learns about items that will be presented at the regular board meeting for approval. They can take a deeper dive and ask questions on items presented. These are held once a month.

Board Briefing : Monthly 1 to 1 conferences with the Superintendent. These meetings tend to last about 2 hours. This is an opportunity to ask any clarifying questions.

Board Meetings: Meetings can be between 2 to 3 hours long. These are held once a month. It is at these meetings that Board of Trustees approve all items on our Consent Agenda, if they believe it is in the best interest of the district.

Edgewood ISD: Voices to Inform Strategic Planning

Report to the Design and Advisory Committees

August 2021

Edgewood ISD is developing a strategic plan (2022-2028), grounded in community voice, so that the district's vision aligns with the hopes and dreams of students and families.

Authentic community engagement: Collaborating with all stakeholders to build ongoing, trusting relationships that bridge the gap between classroom and community and help all students succeed.

It takes careful planning and purposeful action to build partnerships that involve school, family, and community.

- Dr. Joyce Epstein, Director of the Center on School, Family, and Community Partnership at Johns Hopkins University

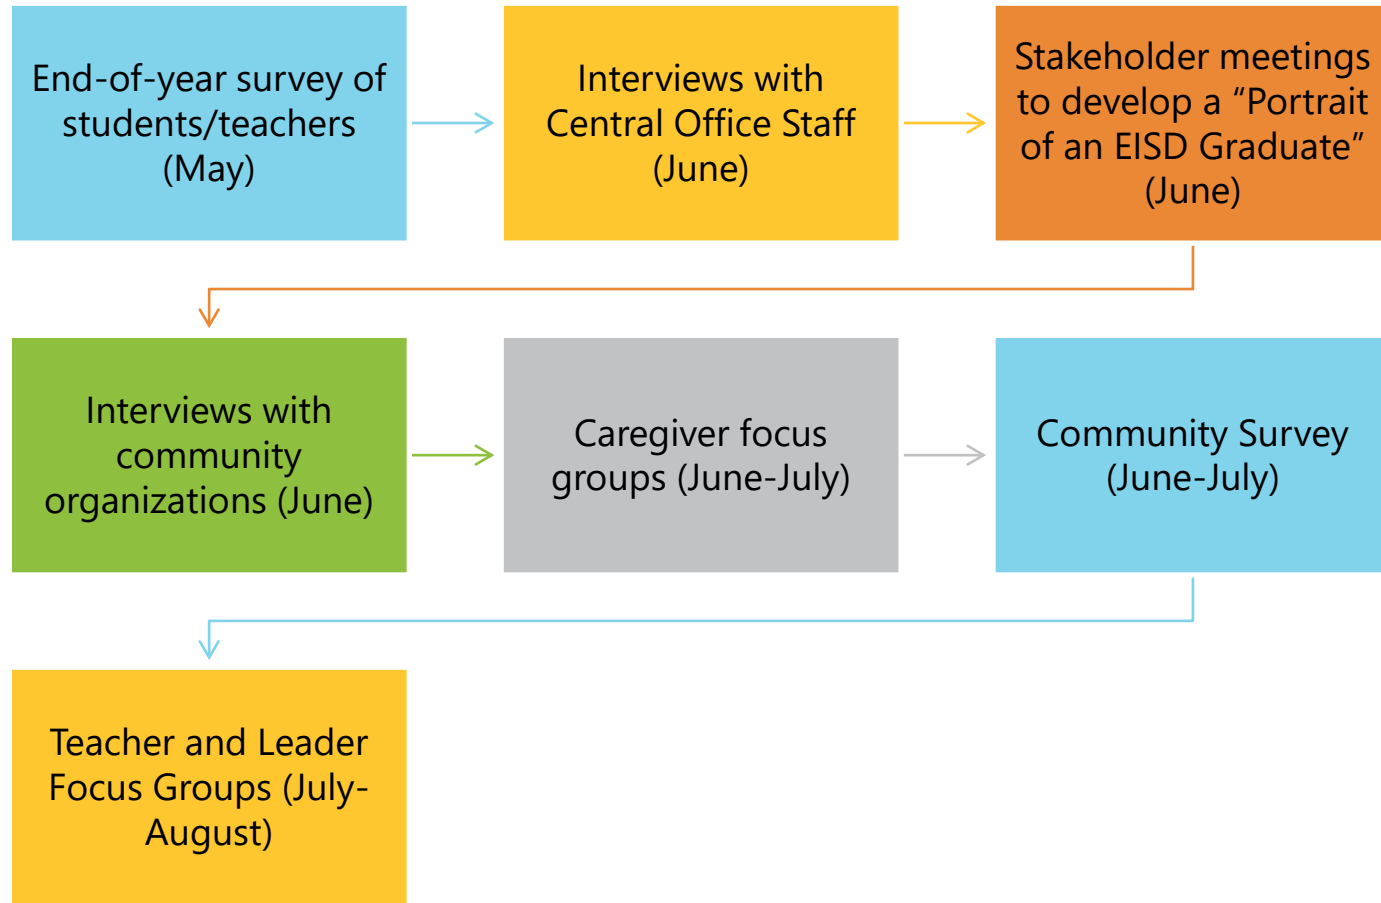

Over the summer, the district heard from stakeholders across the community – from students to families to district staff – and learned about how they’re experiencing the schools in the district.

The purpose of this report is to share major themes from these engagements with the Design and Advisory teams.

Themes can inform decisions about goals, priorities, and strategies in the strategic plan.

To date, we've heard from roughly 1,680 stakeholders, and we'll continue listening throughout the process of developing the strategic plan.

Stakeholders take a lot of pride in their community and district, and we heard that a lot of things are working well in Edgewood ISD.

**COMMUNITY
PRIDE**

There is a lot of pride in the Edgewood community around its **history of activism**, particularly with respect to equity and school finance. Many families have stayed in Edgewood for generations.

**CLEAR GOALS
& DEFINITION
OF SUCCESS**

The district has **clearly defined student success** as “graduating all Scholars College, Career, or Military Ready per their expected date of graduation.” The SLT and School Board **routinely revisit progress** towards this outcome through its Lonestar Governance goals, and individual departments have a focus on academic priorities (i.e. literacy).

**FAMILIES ARE
A PRIORITY**

The district has prioritized family engagement by investing in **community engagement and parent liaisons**. The majority of families feel that Edgewood is an **inclusive environment** and appreciate connecting with the district through the **platicas**.

**INCREASED
ACADEMIC
OFFERINGS**

The district has brought **project- & inquiry-based learning opportunities** and **college-and-career preparatory opportunities** to schools through its **innovation** initiative. Families and students appreciate these offerings.

**FINANCIAL
HEALTH**

The district has **sufficient assets and unrestricted reserves**, which provide some flexibility should a major change occur, and only a small portion of the budget is being used to pay off debt.
