

Ring Toss Stand – to be used with Ring Toss (Build one)

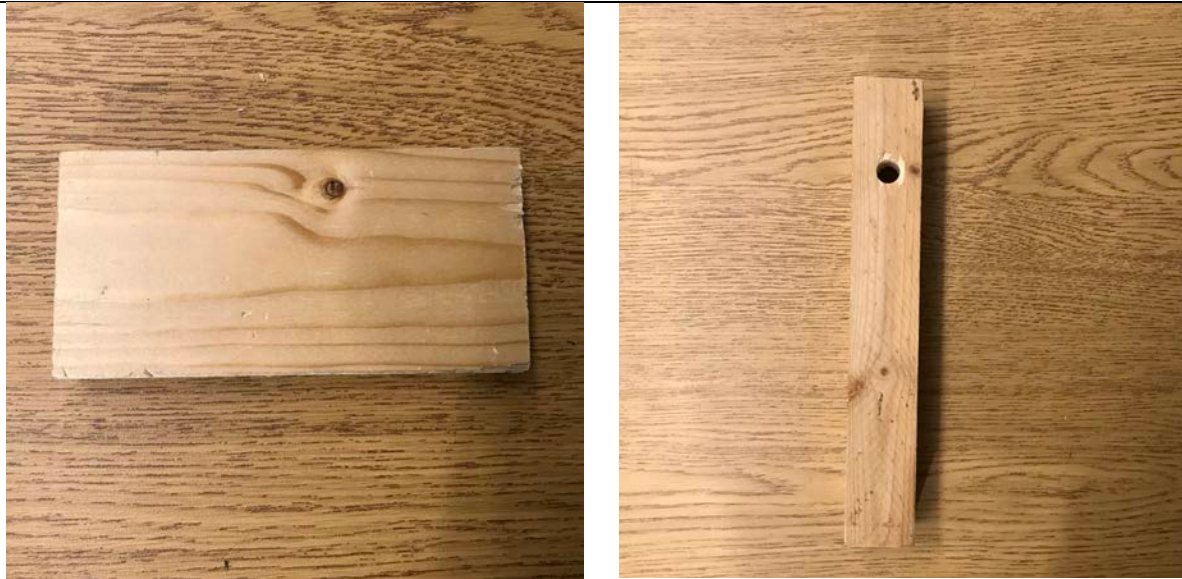

Required parts as pictured.

1 – 10" 2 x 2 Furring Strip : Drill a centered ½" (all the way thru) hole at the 9" mark at the top of the Furring Strip.

1 – 1' x 3" x 5" Pine Board

1 – ½" x 5" Round Dowel

Center (with hole on top upright) the 2" x 2" x 10" Stud on the back of the 5" Pine Board

Attach with a screw from the bottom

Attached pieces should look like this picture.

Insert the 5" Round Dowel into the Furring Strip all the way thru. Glue if possible.
