WELCOME

Welcome to Aetna Whole Health, your health plan sponsored by Quality Partners in Care (QPIC). Your employer selected this health plan to provide you and your family with high quality, cost effective, and personalized care. We believe you will enjoy the unique advantages QPIC offers.

To ensure you receive the proper care and have access to all the Aetna Whole Health benefits, the first step is to select your Primary Care Physician (PCP). Choosing a PCP is very important. Your PCP will learn your medical history and when you become ill, your access to getting an appointment or referrals will be much simpler if you have established care. This is a very easy 4-step process!

- 1. Go to www.QPICSA.com
- 2. Select "FIND A DOCTOR" from the top navigation menu
- 3. Select a PCP from the map or use the list below the map. Click on the physician name on the list for more information or if you would like assistance, please call our concierge line at (210) 920.9301. You can also submit a request on our website.
- 4. Once you've selected your PCP, then call your doctor to register as a new patient and schedule a wellness exam. This will immediately put you on the path to enhancing your health!

As an Aetna Whole Health/QPIC Member, you have access to same day appointments for minor urgent matters, VIP referral processing, and lower co-payments for visits, and much more. Also remember, the best way to take full advantage of savings and personalized coordinated care is to stay in network. *

Thank you for choosing us for your healthcare. All of us at QPIC – your doctor and health care team – are here for you and we look forward to seeing how Aetna Whole Health & QPIC canenhance your health.

Simply said, Aetna Whole Health – Better Health. Better Care. Better Cost.

Yours in health,

Cause B

Chris Caulfield, MD
Medical Director, Quality Partners in Care

*Fullest savings occur when Aetna Whole Health members remain in-network for primary, specialty and hospital care.
