Edgewood ISD Student Receives Scholarship to Attend EAA Air Academy

SAN ANTONIO, TX – Edgewood Independent School District Memorial High School junior, Leslie Salazar was named the recipient of the Dee Howard Foundation and Blue Sky Foundation scholarship. The scholarship will provide Leslie with the opportunity to travel to Wisconsin this summer to attend the EAA Air Academy, a weeklong camp designed to introduce students to the aviation world.

Leslie is the only student in the city of San Antonio to receive this scholarship. “This is a part of the overall Aeronautical STEM initiative that we are developing with five school districts in the city, including EISD. It’s a big deal.” said Wayne Fagan, Chair of The Dee Howard Foundation.

Leslie is currently taking high school endorsements consisting of STEM Math, Science and Health Science. She says this experience will help her explore new career options that will lead to one in Aerospace.

###

Edgewood ISD provides an exceptional learning experience that engages, empowers, and prepares students to compete and reach their highest potential in an ever-changing world.
